

TAPPO FILTRO ARIA CON ATTACCO FILETTATO AIR BREATHER CAP WITH THREADED CONNECTION

Elementi compatti per montaggio mediante avvitatura su filetto BSP ed NPT, consentono la filtrazione dell'aria tra serbatoio ed ambiente esterno.

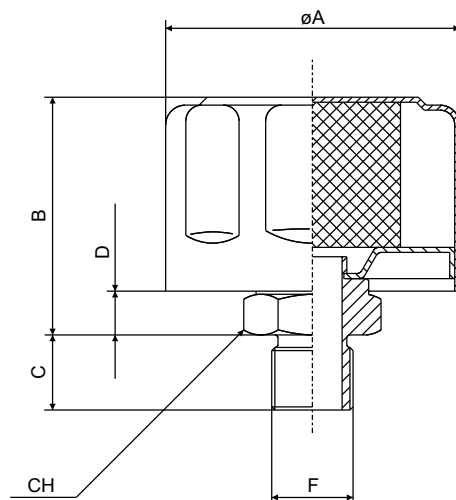

Costruiti in acciaio cromato con filetto maschio zincato, i tappi vengono forniti in confezioni da due.

N.B.: Su richiesta del cliente, il prodotto può essere fornito con logo personalizzato.

These compact elements, mounted by screwing on a suitable BSP and NPT thread, permit the exchange of filtered air between the oil tank and the environment.

Chrome plated steel with galvanized male thread. The caps are supplied in pairs.

N.B.: On demand, the product can be supplied with logo.

TAPPO FILTRO ARIA CON ATTACCO FILETTATO PRESSURIZZATO AIR BREATHER CAPS PRESSURIZED TYPE THREADED CONNECTION

Tappo simile al TRM dotato di valvola. Le tarature di pressurizzazione sono di 0.35 bar o 0.70 bar con tolleranza $\pm 10\%$.

I tappi vengono forniti in confezioni da due.

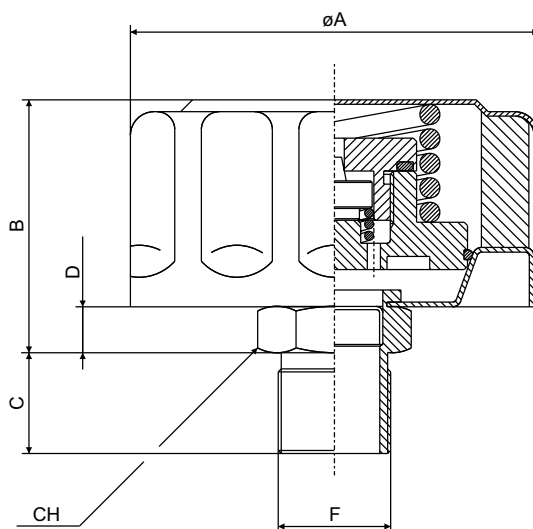

N.B.: La dicitura standard sulla calotta riporta la scritta "PRESSURIZED". Su richiesta è possibile sostituirla con logo personalizzato.

Same as TRM with valve for maintaining a pressurized oil tank.

Pressurized calibrations are 0.35 bar or 0.70 bar $\pm 10\%$.

Caps are supplied in pairs.

N.B.: The standard word on the cover is "PRESSURIZED". On demand it is possible with customized logo.
